Overview

- An accredited applied program equivalent to the first year of a British bachelor's degree, designed to provide learners with a solid foundation in business principles, leadership, and organizational practices.
- The program equips students with essential analytical, decision-making, and problem-solving skills required for success in the modern business environment.

AIM

To prepare learners with a strong academic and professional foundation that enables them to pursue higher studies in business management or to progress into supervisory and managerial roles within organizations.

OBJECTIVES

- Understanding the fundamental principles of management, organization, and leadership within diverse business environments.
- Applying financial and accounting concepts to support managerial decision-making.
- Analyzing internal and external business environments to identify opportunities and challenges.
- Developing strategic planning and resource management skills for effective operations.
- Enhancing communication, negotiation, and teamwork skills within a business context.
- Utilizing modern digital and technological tools to support administrative processes.
- Fostering critical thinking and creative problem-solving abilities in addressing managerial challenges.
